

Dear Educator:

This product was designed to be used as a "base" for your study on KANSAS.

I designed this product in such a way that you can use every piece for every student or pick and choose what you use as is appropriate for your students. Most items can be used individually, in small groups or as a whole class. Many pieces were designed with the hopes that you can differentiate for various levels of students as well as cater to various learning styles.

I hope you find this product helpful and your students find it educational and fun!

Please check out my other Fact Packs:

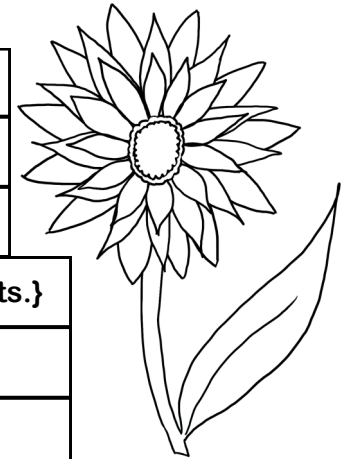

Thanks!
